

ACCESS SERVICES TARIFF

This Tariff sets out the rates, terms and conditions applicable to the interconnection arrangements provisioned to providers of telecommunications services and facilities.

Explanation of Symbols

The following symbols are used in this Tariff and have meanings as shown:

A	Increase in rate or charge
C	Change in wording
D	Discontinued rate or regulation
F	Reformatting of existing material with no change to rate or charge
M	Matter moved from its previous location
N	New wording, rate or charge
R	Reduction in rate or charge
S	Reissued matter

Abbreviations of Companies Names

The following companies names are used in this Tariff and have meanings as shown:

Aliant	Aliant Telecom Inc.
Bell	Bell Canada
Bell Aliant	Bell Aliant Regional Communications, Limited Partnership
IslandTel	Island Telecom Inc.
MTS	MTS Allstream Inc.
MTT	Maritime Tel & Tel Limited
NBTel	NBTel
NewTel	NewTel Communications
NorthernTel	NorthernTel, Limited Partnership
SaskTel	SaskTel
TBayTel	TBayTel
TCBC	TELUS Communications Company, operating in British Columbia
TCC	TELUS Communications Company
TCI	TELUS Communications Company, operating in Alberta
TCQ	TELUS Communications Company, operating in Quebec
Télébec	Télébec, société en commandite

PART A Definitions and General Terms**ITEM 100. General**

This Tariff sets out the rates, terms and conditions that apply to the provision by **iTeraTEL Communications** of services, facilities and interconnection arrangements to providers of telecommunications services and facilities (hereinafter referred to as “Telecommunications Providers”) who are eligible to subscribe pursuant to Telecom Decision CRTC 97-8 and any other applicable CRTC decisions or orders (“Decision 97-8”). Such services, facilities and interconnection arrangements are referred to in this Tariff as “interconnection services”. For greater certainty, this Tariff does not apply to services and facilities provided by **iTeraTEL Communications** to **iTeraTEL Communications’s** end-customers or to resellers of **iTeraTEL Communications** local services.

The provision of interconnection services by **iTeraTEL Communications** to Telecommunications Providers under this Tariff does not constitute a joint undertaking between **iTeraTEL Communications** and any Telecommunications Provider subscribing for such services.

Unless otherwise specified in the Tariff, where rates are listed by ILEC operating territory, **iTeraTEL Communications** shall apply the rate listed for the location where interconnection takes place with a Telecommunications Provider.

PART A Definitions and General Terms**ITEM 101. Definitions**

In this Tariff:

“**Act**” is the Telecommunications Act (S.C. 1993, c.38 as amended).

“**affiliate**” means any person that controls or is controlled by **iTeraTEL Communications** or that is controlled by the same person that controls **iTeraTEL Communications** and includes a related person. A person is “related” to another if (i) it either holds, either directly or indirectly, at least a 20% interest in, or any options to acquire at least a 20% interest in, any of the capital, assets, property, profits, earnings, revenues or royalties of the other, or (ii) any third party holds, directly or indirectly, at least a 20% interest in, or any options to acquire at least a 20% interest in, any of the capital, assets, property, profits, earnings, revenues or royalties of each of the persons.

“**ANI**” means automatic number identification.

“**bill and keep trunks**” are facilities connecting the networks of two LECs within the same exchange, the costs of which are shared in accordance with Decision 97-8.

“**channel**” means a path provided over a transmission facility for the transmission of telecommunications.

“**circuit**” means an analogue voice-grade or digital 64 Kbps (DS-0) channel.

“**circuit group**” means a group of equivalent circuits.

“**CLEC-IXC Agreement**” means the form of agreement approved by the CRTC governing interconnection between a CLEC and an IXC entitled “Master Agreement for CLEC-IXC Interconnection”.

“**Commission or CRTC**” is the Canadian Radio-television and Telecommunications Commission.

“**Common Channel Signalling System 7 or CCS7 signalling**” is the out-of-band signalling system used by telecommunications carriers to support telecommunications services.

“**Competitive Local Exchange Carrier or CLEC**” is a Canadian carrier, as defined in section 2 of the Act, recognized as a CLEC by the CRTC pursuant to Decision 97-8.

“**competitive pay telephone service provider**” means a person that provides competitive pay telephone service for use by the general public.

“**control**” includes control in fact, whether through one or more persons.

“**customer**” means a person or legal entity, including an end-customer, a reseller or a sharing group, that purchases telecommunications services from a Telecommunications Provider and is liable to the Telecommunications Provider for those services.

PART A Definitions and General Terms**ITEM 101. Definitions - continued**

“**data service**” means a telecommunications service other than a voice service.

“**dedicated service**” means a telecommunications service that is dedicated to the private communications needs of an end-customer, where one end of the facility used to provide the service is terminated at equipment dedicated to that end-customer.

“**digital transmission**” is a telecommunications transmission that uses non-continuous signals to transmit information.

“**direct access line or DAL**” means a network arrangement used to transmit traffic over a dedicated facility between an IXSP’s interexchange network and an end-customer’s premises.

“**DS-0**” is a channel capable of digital transmission at 64Kbps.

“**DS-1**” is a channel capable of digital transmission at 1.544 Mbps.

“**EAS transport**” means the delivery by a LEC of traffic originating in one exchange and terminating in another exchange with which the first exchange has EAS or a similar arrangement pursuant to ILEC tariffs.

“**end-customer**” is the ultimate purchaser of telecommunications services provided on a retail basis by a Telecommunications Provider.

“**exchange**” refers to the incumbent LEC’s basic unit for the administration and provision of its telecommunications service, which normally encompasses a city, town, village or portions thereof and adjacent areas.

“**extended area service or EAS**” means a service offered by ILECs enabling a customer within an exchange to make calls to another exchange without the application of long distance charges.

“**facility**” means a telecommunications facility, as defined in section 2 of the Act, and includes equipment.

“**ILEC operating territory**” means the geographic area within which a Telecommunications Provider provides service as an ILEC.

“**in-band signalling**” means signalling which is carried along the same channel that is carrying the information content of the transmission.

“**incumbent LEC or ILEC**” means a LEC that provided local exchange service on a monopoly basis prior to May 1, 1997.

“**interconnecting circuit**” means a circuit or path that connects a Telecommunications Provider’s facility to iTeraTEL Communications’s facilities to provide access to iTeraTEL Communications’s local switched telephone network.

“**interexchange carrier or IXC**” is a Canadian carrier, as defined in section 2 of the Act, that provides interexchange service.

PART A Definitions and General Terms**ITEM 101. Definitions - continued**

“interexchange reseller or IX reseller” is a reseller that provides interexchange service.

“interexchange service or IX service” means a service or facility configured to operate between any two exchanges for which ILECs would apply long distance charges, including an international service or facility.

“IX service provider or IXSP” is an IXC or IX reseller.

“joint-use basis” means on a basis where a circuit is not dedicated to the use of a single end-customer.

“LEC” is a local exchange carrier.

“local interconnection region or LIR” is a geographic area specified by an ILEC within which traffic is exchanged with CLECs on a Bill and Keep basis as specified in Telecom Decision CRTC 2004-46.

“local calling area” means an area defined by a LEC wherein calls can be made by the LEC’s end-customers without the application of long distance charges.

“local number portability or LNP” enables an end-customer to retain the same telephone number when changing from one LEC to another LEC as service provider within the same exchange.

“local routing number or LRN” is a ten-digit routing number which identifies the terminating switch for a ported number.

“MALI” means the form of agreement approved by the CRTC governing interconnection between two LECs entitled “Master Agreement for Interconnection Between Local Exchange Carriers (LECs)”.

“multi-frequency signalling or MF signalling” is an in-band signalling system used by telecommunications carriers to route telecommunications traffic.

“NXX” is the second set of three digits of a ten-digit telephone number (i.e., NPA-NXX-XXXX) which identifies a specific exchange within a numbering plan area (NPA).

“out-of-band signalling” means signalling that is separated from the channel carrying the information content.

“person” includes any individual, partnership, body corporate, unincorporated organization, government, government agency, trustee, executor, administrator or other legal representative.

“point of interconnection or POI” is a switch or other point of interconnection designated by iTeraTEL Communications as its gateway for purposes of interconnecting to Telecommunications Providers in an exchange.

PART A Definitions and General Terms**ITEM 101. Definitions - continued**

“**ported numbers**” are those telephone numbers formerly associated with a particular LEC and now associated with a different LEC.

“**premises**” is the continuous property and the building or buildings located thereon, or the part or parts of a building, occupied at the same time by an end-customer or Telecommunications Provider.

“**PSTN**” means the public switched telephone network.

“**resale**” means the subsequent sale or lease on a commercial basis, with or without adding value, of a telecommunications service purchased from **iTeraTEL Communications** or a Telecommunications Provider.

“**reseller**” means a person engaged in resale of local exchange service (“local reseller”) or interexchange service (“interexchange reseller”).

“**sharing**” means the use by two or more persons, in an arrangement not involving resale, of a telecommunications service provided by a Telecommunications Provider.

“**sharing group**” means a group of persons engaged in sharing.

“**signalling transfer point or STP**” means a packet switching point in the CCS7 network which routes CCS7 signalling messages to the intended network element.

“**Telecommunications Provider**” means a provider of telecommunications services that is eligible in accordance with Decision 97-8 to subscribe to interconnection services offered by **iTeraTEL Communications** and includes a LEC, an IXSP and a WSP operating in the same exchange as **iTeraTEL Communications**.

“**transiting**” occurs when a LEC receives traffic from one Telecommunications Provider and switches it to another.

“**trunk**” is a DS-0 time slot or channel within which a digital connection is made between the trunk-side of **iTeraTEL Communications’s** local switch and another switch.

“**wireless service provider or WSP**” means a provider of public switched mobile voice services where such provider is not a CLEC.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations**

This Item sets out the basic rights and obligations (hereinafter referred to as the “Terms”) of both **iTeraTEL Communications** and Telecommunications Providers in connection with the interconnection services provided under this Tariff.

1. General

1. The offer of interconnection services by **iTeraTEL Communications** to Telecommunications Providers under this Tariff is subject to the following:
 1. the general rights and obligations contained in these Terms;
 2. the rates, terms and conditions contained elsewhere in this Tariff, to the extent that they are not inconsistent with these Terms, unless any such rates, terms or conditions expressly override these Terms and have been approved by the CRTC;
 3. the rights, obligations, rates, terms and conditions contained in written agreements for the provision of interconnection services under this tariff, to the extent that they are not inconsistent with these Terms or this Tariff, unless any such rights, obligations, rates, terms or conditions expressly override these Terms or this Tariff and have been approved by the CRTC.

All of the above bind **iTeraTEL Communications** and Telecommunications Providers.

2. Effective Date of Changes

1. Subject to Item 102.2.2, changes to these Terms or this Tariff, as approved by the CRTC, take effect on their effective date even though Telecommunications Providers have not been notified of them or have paid or been billed at the previously-approved rate.
2. Where interconnection services that were to be provided by a certain agreed-upon date were not provided, through no fault of the Telecommunications Provider and, in the meantime, a rate increase has gone into effect, the previously-approved non-recurring charges shall apply.

3. Obligation to Provide Service

1. Except as otherwise expressly specified elsewhere in this Tariff, and subject to Item 102.3.2 to 102.3.4 below, all of the interconnection services available to Telecommunications Providers under this Tariff are provided by **iTeraTEL Communications** pursuant to an obligation to serve.
2. Notwithstanding **iTeraTEL Communications’s** obligation to offer the services under this Tariff, **iTeraTEL Communications** is not required to provide interconnection service to a Telecommunications Provider where:
 1. the Telecommunications Provider owes amounts to **iTeraTEL Communications** that are past due, other than as a guarantor;

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations – continued****3. Obligation to Provide Service – continued**

2. the Telecommunications Provider does not provide to **iTeraTEL Communications** a reasonable deposit or alternative required pursuant to these Terms; or
3. the Telecommunications Provider refuses to pay the additional charge referred to in Item 102.3.3.
3. Where it is necessary for **iTeraTEL Communications** to install special equipment or to incur unusual expense in order to meet a Telecommunications Provider's requirements, an additional charge may be assessed based upon the equipment to be installed or the expense to be incurred.
4. Where **iTeraTEL Communications** does not provide service on an application by a Telecommunications Provider, it must provide written explanation upon request.

4. iTeraTEL Communications's Facilities

1. Upon termination of service, the Telecommunications Provider must return any equipment provided by **iTeraTEL Communications**.
2. **iTeraTEL Communications** must bear the expense of maintenance and repairs required due to normal wear and tear to its facilities, except that **iTeraTEL Communications** may charge for the additional expense incurred when the Telecommunications Provider requires maintenance and repair work to be performed outside of regular working hours. This does not apply where otherwise stipulated in these Terms, the Tariffs, or by special agreement.
3. A Telecommunications Provider which has deliberately, or by virtue of a lack of reasonable care, caused loss or damage to **iTeraTEL Communications's** facilities, may be charged the cost of restoration or replacement. In all cases, Telecommunications Providers are liable for damage caused to **iTeraTEL Communications's** facilities by any facilities provided by the Telecommunications Provider or its customer.
4. Where the Telecommunications Provider reports trouble in relation to the interconnection services to **iTeraTEL Communications**, **iTeraTEL Communications** must initiate trouble repair procedures at such time.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****5. iTeraTEL Communications's Right to Enter Premises**

Unless otherwise expressly permitted in this Tariff, a written agreement, or under any guidelines applicable to **iTeraTEL Communications** and the Telecommunications Provider and approved by the CRTC, **iTeraTEL Communications**, its employees or agent, shall have no right to enter the premises of the Telecommunications Provider, including any premises on which service is currently or is to be provided to the Telecommunications Provider, unless **iTeraTEL Communications** has first obtained express permission to do so from the Telecommunications Provider. Prior express permission shall not be required in cases of emergency or where entry is pursuant to a court order. In every case, valid **iTeraTEL Communications** identification must be shown to the Telecommunications Provider, at the Telecommunications Provider's request, prior to entering the premises.

6. Deposits and Alternatives

1. **iTeraTEL Communications** may require deposits from a Telecommunications Provider:
 1. which has no credit history with **iTeraTEL Communications** and will not provide satisfactory credit information;
 2. which has an unsatisfactory credit rating with **iTeraTEL Communications** due to previous payment practices with **iTeraTEL Communications**; or
 3. where the provision of the interconnection services to the Telecommunications Provider clearly presents an abnormal risk of loss.
2. **iTeraTEL Communications** must inform the Telecommunications Provider of the specific reason for requiring a deposit, and of the possibility of providing an alternative to a deposit, such as arranging for third party payment, a bank letter of credit or a written guarantee from a third person whose credit is established to the satisfaction of **iTeraTEL Communications**.
3. A Telecommunications Provider may provide an alternative to a deposit, provided it is reasonable in the circumstances.
4. Deposits earn interest at the savings account rate of [**the Canadian Chartered Bank of the Company's choice**], calculated on the balance of the deposit plus interest accrued prior to the current billing period. The interest will be credited to the account annually or upon refund of the deposit, and will be reflected on **iTeraTEL Communications's** next billing statement.
5. **iTeraTEL Communications** will show the total principal amount of deposits held on each Telecommunications Provider's billing statement.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****6. Deposits and Alternatives - continued**

6. **iTeraTEL Communications** must review the continued appropriateness of deposits and alternative arrangements at 6-month intervals. When service is terminated or the conditions which originally justified such arrangements are no longer present, **iTeraTEL Communications** must promptly refund or credit the deposit, with interest, or return the guarantee or other written undertaking, retaining only any amount then owed to it by the Telecommunications Provider.
7. At no time may the amount of all deposits and alternatives provided exceed 3 months of charges for all interconnection services provided by **iTeraTEL Communications** to the Telecommunications Provider under this Tariff.

7. Restrictions on Use of Services

1. A Telecommunications Provider may not use the interconnection services provided by **iTeraTEL Communications** or allow the interconnection services to be used for a purpose or in a manner contrary to any applicable law or regulation.
2. Neither **iTeraTEL Communications** nor the Telecommunications Provider may re-arrange, disconnect, repair, remove or otherwise interfere with the facilities of the other party, except in the following three circumstances:
 1. cases of emergency;
 2. where otherwise expressly permitted in **iTeraTEL Communications's** Tariffs; or
 3. where otherwise expressly permitted by the provisions of an applicable interconnection agreement.

In all cases **iTeraTEL Communications** or the Telecommunications Provider, as the case may be, must then be notified of the changes as soon as possible.

3. No payment may be exacted directly or indirectly from a Telecommunications Provider by any party other than **iTeraTEL Communications** for use of any of **iTeraTEL Communications's** interconnection services except where otherwise stipulated in **iTeraTEL Communications's** Tariffs, or by the provisions of an applicable interconnection agreement.

8. Non-Disclosure of Confidential Information

As a condition of **iTeraTEL Communications** providing interconnection services to the Telecommunications Provider pursuant to this Tariff, the Telecommunications Provider agrees to protect **iTeraTEL Communications's** confidential information as if it were a party to Schedule A of the MALI. **iTeraTEL Communications** shall provide to the Telecommunications Provider a copy of Schedule A. For its part, **iTeraTEL Communications** shall protect the Telecommunications Provider's confidential information to the same standard.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****9. Refunds in Cases of Service Problems**

Where there are omissions, interruptions, delays, errors or defects in transmission, or failures or defects in iTeraTEL Communications's facilities, iTeraTEL Communications's liability is limited to a refund of charges, on request, proportionate to the length of time that the problem existed. No request is necessary where a problem in service lasts 24 hours or more from the time iTeraTEL Communications is advised of the problem. However, where the problem is occasioned by iTeraTEL Communications's negligence, iTeraTEL Communications is also liable for the amount calculated in accordance with Item 102.10.2.

10. Limitation of iTeraTEL Communications's Liability

1. These Terms do not limit iTeraTEL Communications's liability in cases of deliberate fault, gross negligence, anti-competitive conduct, breach of contract where the breach results from the gross negligence of iTeraTEL Communications, or disclosure of confidential information contrary to Item 102.8.
2. Except with regard to physical injuries, death, or damage to a Telecommunications Provider's premises or other property, occasioned by its negligence, iTeraTEL Communications's liability for negligence, and for breach of contract where the breach results from the negligence of iTeraTEL Communications, is limited to three times the amounts refunded or cancelled in accordance with Item 102.9, as applicable.
3. iTeraTEL Communications is not responsible for:
 1. libel, slander, defamation or the infringement of copyright or other unlawful activity arising from material or messages transmitted over iTeraTEL Communications's facilities;
 2. the infringement of patents arising from the combining or using of the Telecommunications Provider's facilities with iTeraTEL Communications's facilities; or
 3. damages arising out of the act, default, neglect or omission of the Telecommunications Provider in the use or operation of facilities provided by iTeraTEL Communications.
4. When facilities of third parties are used in establishing connections to or from facilities under the control of a Telecommunications Provider, iTeraTEL Communications is not liable for any act, omission or negligence of the third party.
5. In the provision of interconnection services, iTeraTEL Communications is not responsible to the Telecommunications Provider's customer for end-to-end service.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****11. Payment**

1. Subject to Items 102.11.2 and 102.11.3, charges cannot be considered past due until the next billing statement has been generated or the time period for payment indicated on the previous billing statement has passed.
2. In exceptional circumstances, prior to the normal billing date, **iTeraTEL Communications** may request payment from a Telecommunications Provider, on an interim basis, for non-recurring charges that have accrued, by providing notice to the Telecommunications Provider with details regarding the services and charges in question. In such cases, subject to Item 102.11.3, the charges can be considered past due 3 days after they are incurred, or 3 days after **iTeraTEL Communications** demands payment, whichever comes later.
3. No charge disputed by a Telecommunications Provider can be considered past due unless **iTeraTEL Communications** has reasonable grounds for believing that the purpose of the dispute is to evade or delay payment. The dispute procedure set out in Schedule E of the MALI shall be followed and the Telecommunications Provider must pay the undisputed portion of the billing statement. **iTeraTEL Communications** shall provide to the Telecommunications Provider a copy of Schedule E.
4. **iTeraTEL Communications** may request immediate payment in extreme situations, provided that a notice has been issued pursuant to Item 102.11.2, and the abnormal risk of loss has substantially increased since that notice was given, or **iTeraTEL Communications** has reasonable grounds for believing that the Telecommunications Provider intends to defraud **iTeraTEL Communications**.

12. Liability for Unbilled and Underbilled Charges

1. Telecommunications Providers are not responsible for paying a previously unbilled or underbilled charge for interconnection services provided under this Tariff except where:
 1. in the case of a recurring charge, it is correctly billed by **iTeraTEL Communications** within a period of one year from the date it was incurred; or
 2. in the case of a non-recurring charge, it is correctly billed by **iTeraTEL Communications** within a period of 150 days from the date it was incurred.
2. In the circumstances described in Item 102.12.1, **iTeraTEL Communications** cannot charge a Telecommunications Provider interest on the amount of the correction. If the Telecommunications Provider is unable to promptly pay the full amount owing, **iTeraTEL Communications** must attempt to negotiate a reasonable deferred payment agreement.
3. Items 102.12.1 and 102.12.2 above shall not apply in circumstances where there has been deception by the Telecommunications Provider with regard to a charge for interconnection services.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****13. Liability for Charges that Should Not Have Been Billed and Those That Were Overbilled**

1. In the case of a recurring charge that should not have been billed or that was overbilled, a Telecommunications Provider must be credited with the excess back to the date of the error, subject to applicable limitation periods provided by law. However, a Telecommunications Provider that does not dispute the charge within one year of the date of an itemized billing statement which shows that charge correctly, loses the right to have the excess credited for the period prior to that statement.
2. Non-recurring charges that should not have been billed or that were overbilled must be credited, provided that the Telecommunications Provider disputes them within 150 days of the date of the billing statement.
3. A Telecommunications Provider that is credited with any amount that should not have been billed or that was overbilled must also be credited with interest on that amount at the rate payable for interest on deposits that applied during the period in question.

14. Minimum Contract Period

The minimum contract period for **iTeraTEL Communications's** interconnection services is one month commencing from the date the interconnection services are provided, except where a longer minimum contract period is stipulated in either **iTeraTEL Communications's** Tariffs or an agreement between **iTeraTEL Communications** and the Telecommunications Provider.

15. Telecommunications Provider - Initiated Cancellation or Termination of Service

1. A Telecommunications Provider which cancels or delays a request for service before installation work has started cannot be charged by **iTeraTEL Communications**. Installation work is considered to have started when the Telecommunications Provider has advised **iTeraTEL Communications** to proceed, and **iTeraTEL Communications** has incurred any related expense. A Telecommunications Provider which cancels or delays a request for service after installation work has started, but before service has started, will be charged the lesser of the full charge for the entire minimum contract period plus the installation charge or the estimated costs incurred in installation less estimated net salvage (referred to hereinafter as "cancellation charges"). The estimated installation costs include the cost of non-recoverable equipment and materials specifically provided or used plus the cost of installing, including engineering, supply expense, labour and supervision, and any other disbursements resulting from the installation and removal work.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****15. Telecommunications Provider - Initiated Cancellation or Termination of Service - continued**

2. A Telecommunications Provider which gives **iTeraTEL Communications** reasonable advance notice may terminate service after expiration of the minimum contract period, in which case it must pay charges due for interconnection services which have been furnished.
3. Notwithstanding Item 102.15.1, **iTeraTEL Communications** may waive its rights, in their entirety or in part, to claim cancellation charges in the case where the Telecommunications Provider wishes to replace the interconnection services by one or more of **iTeraTEL Communications's** interconnection services of equal or greater value to the cancelled interconnection service.

16. iTeraTEL Communications -Initiated Suspension or Termination of Service

1. For greater certainty, the phrase "reasonable advance notice" as used in this Item 102.16 will generally be at least 30 days.
2. **iTeraTEL Communications** may suspend or terminate a Telecommunications Provider's service only where the Telecommunications Provider:
 1. fails to pay an amount owing by the Telecommunications Provider that is past due, provided that **iTeraTEL Communications** has provided reasonable advance notice;
 2. fails to provide or maintain a reasonable deposit or alternative when required to do so pursuant to these Terms;
 3. fails to comply with the provisions of a deferred payment agreement;
 4. repeatedly fails to provide **iTeraTEL Communications** with reasonable entry and access in conformity with Item 102.5.1;
 5. uses or permits others to use any of **iTeraTEL Communications'** interconnection services so as to prevent fair and proportionate use by others;
 6. contravenes Item 102.7; or
 7. fails to provide payment when requested by **iTeraTEL Communications** pursuant to Item 102.11.4.
3. **iTeraTEL Communications** may not suspend or terminate service in the following circumstances:
 1. where the Telecommunications Provider is prepared to enter into and honour a reasonable deferred payment agreement; or
 2. where there is a dispute regarding the basis of the proposed suspension or termination, provided payment is being made for undisputed outstanding amounts and **iTeraTEL Communications** does not have reasonable grounds for believing that the purpose of that dispute is to evade or delay payment.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****16. iTeraTEL Communications -Initiated Suspension or Termination of Service - continued**

4. Prior to suspension or termination, **iTeraTEL Communications** must provide the Telecommunications Provider with reasonable advance notice, stating:
 1. the reason for the proposed suspension or termination and the amount owing, if any;
 2. the scheduled suspension or termination date; and
 3. subject to contrary provisions of this Tariff or as approved by the CRTC, that a reasonable deferred payment agreement can be entered into (where the reason for suspension or termination is failure to pay).
5. Where repeated efforts to contact the Telecommunications Provider have failed, **iTeraTEL Communications** must, at a minimum, deliver the notice referred to in Item 102.16.4 to the billing address prior to delivering the notice referred to in Item 102.16.6.
6. In addition to the notice required by Item 102.16.4, **iTeraTEL Communications** must, at least 24 hours prior to suspension or termination, advise the Telecommunications Provider or another responsible person that suspension or termination is imminent, except where:
 1. repeated efforts to so advise have failed;
 2. immediate action must be taken to protect **iTeraTEL Communications** from network harm resulting from facilities controlled or provided by the Telecommunications Provider; or
 3. the suspension or termination occurs by virtue of a failure to provide payment when requested by **iTeraTEL Communications** pursuant to Item 102.11.4.
7. Except with the Telecommunications Provider's consent or in exceptional circumstances, suspension or termination may occur only on business days between 8 a.m. and 5 p.m., local time, unless the business day precedes a non-business day, in which case disconnection may not occur after 12 noon local time.
8. Suspension or termination does not affect the Telecommunications Provider's obligation to pay any amount owed to **iTeraTEL Communications**.
9. In the case of interconnection services that have been suspended, unless suspension occurs during the minimum contract period, **iTeraTEL Communications** must make a daily pro rata allowance based on the monthly charge for such interconnection services.
10. **iTeraTEL Communications** must restore service, without undue delay, where the grounds for suspension or termination no longer exist, or a payment or deferred payment agreement has been negotiated. Service charges may apply.
11. Where it becomes apparent that suspension or termination occurred in error or was otherwise improper, **iTeraTEL Communications** must restore service the

next day, at the latest, unless exceptional circumstances do not permit this, and no reconnection charges shall be levied.

PART A Definitions and General Terms**ITEM 102. General Rights and Obligations - continued****17. Assignment**

The Telecommunications Provider cannot assign its rights or obligations pursuant to this Tariff without having obtained the prior written consent of **iTeraTEL Communications**, which consent shall not unreasonably be withheld.

18. Right of Access

When a Telecommunications Provider offers services to tenants within a multi-tenant building, it must provide **iTeraTEL Communications** with direct access, under reasonable terms and conditions, to tenants who choose to receive services to which a right of direct access has been mandated by the CRTC from **iTeraTEL Communications** rather than, or in addition to, services from the Telecommunications Provider.

PART A Definitions and General Terms**ITEM 103. Payment of Charges**

1. The customer is responsible for payment to **iTeraTEL Communications** of charges for all service and equipment furnished. Fixed charges are billed and payable monthly in advance and other charges are payable when billed except as otherwise stated in Item 102.11.2.
2. Notwithstanding any other provisions in this General Tariff, **iTeraTEL Communications** may assess a late-payment charge, which provides for administration and carrying charges related to accounts that are owed to **iTeraTEL Communications** and are in arrears. The late-payment charge applies when **iTeraTEL Communications** has not received payment within 30 days of the billing date.
3. Late payment charges are forborne from regulation pursuant to Section III of Telecom Regulatory Policy CRTC 2009-424. Late payment charges will be calculated as set out on the customer invoice, or at www.iTeraTEL.com

PART B Interconnection with Local Exchange Carriers (LECs)**ITEM 200. General**

This Part governs the provision of interconnection services associated with facilities and services of **iTeraTEL Communications** and those of Telecommunications Providers that are LECs.

A LEC that wishes to interconnect with **iTeraTEL Communications Inc.** must also enter in an interconnection agreement with **ISP Telecom Inc.** as well as **iTeraTEL** in the form of the MALI.

iTeraTEL Communications Inc. has entered into an agreement with **ISP Telecom** wherein **ISP Telecom** will allow **iTeraTEL Communications Inc.** to interchange traffic via the **ISP Telecom** network, and such traffic will be treated by **ISP Telecom** in the same manner as traffic interchanged with **ISP Telecom**.

LECs that wish to port numbers with **iTeraTEL Communications Inc.** shall do so via **ISP Telecom** pursuant to a MALI with **ISP Telecom**. **iTeraTEL Communications Inc.** will obtain numbers from **ISP Telecom** and has made arrangements with **ISP Telecom** to treat porting requests for **iTeraTEL Communications Inc.** numbers in the same manner as it treats porting requests for **ISP Telecom** numbers.

The interconnection services provided to LECs under Item 200 will be carried out by **ISP Telecom** pursuant to **ISP Telecom's** Tariffs.

PART B Interconnection with Local Exchange Carriers (LECs)

ITEM 201. Compensation for Traffic Termination

1. Item 201 has been removed as iTeraTEL Communications is a Type IV CLEC

PART B Interconnection with Local Exchange Carriers (LECs)**ITEM 202. Basic Listing Interchange File**

1. Basic Listing Interchange File (“BLIF”) service is available to LECs operating in Canada for iTeraTEL Communications Inc’s subscribers as part of the ISP Telecom BLIF process. LECs can enter into a BLIF agreement with ISP Telecom subject to the terms set out in ISP Telecom’s Tariff.

PART C Interconnection with Interexchange Service Providers (IXSPs)**ITEM 300. General**

This Part governs the provision of interconnection services associated with facilities and services of iTeraTEL Communications and those of Telecommunications Providers that are IXSPs. An interexchange carrier (“IXC”) that wishes to interconnect with iTeraTEL Communications must also enter into an interconnection agreement with iTeraTEL Communications in the form of the CLEC-IXC Agreement.

As a Type IV CLEC iTeraTEL will not be offering equal access services to its customers.

PART C Interconnection with Interexchange Service Providers (IXSPs)

ITEM 301. Terms and Conditions Applicable to Interconnection with IXSPs

1. **iTeraTEL Communications** will not be offering interconnections with IXSPs as it is relieved of this requirement as a Type IV LEC.

PART C Interconnection with Interexchange Service Providers (IXSPs)

ITEM 302. Trunk-side Access

1. iTeraTEL is relieved of the requirement to offer interconnections services with interexchange service providers as it is a Type IV LEC.

PART C Interconnection with Interexchange Service Providers (IXSPs)

ITEM 303. Network Announcements for Customers of Disconnected IXSPs with Trunk-side Access

1. iTeraTEL is relieved of the requirement to provide network announcements for IXSPs as a Type IV LEC.

PART C Interconnection with Interexchange Service Providers (IXSPs)

ITEM 304. Bulk Transfer of End-Customer Base Between IXSPs

1. As a Type IV LEC iTeraTEL is relieved of the requirement to provide services to support the bulk transfer of customers between IXSPs.

PART C Interconnection with Interexchange Service Providers (IXSPs)

ITEM 305. Billing and Collection Service

1. As a Type IV LEC, iTeraTEL is relieved of the obligation of providing Billing and Collection Services to IXSPs.

PART D Interconnection with Wireless Service Providers (WSPs)**ITEM 400. General**

This Part governs the provision of interconnection services associated with the interconnection of the facilities of **iTeraTEL Communications Inc.** and those Telecommunication Providers that are WSPs. A Telecommunications Provider that owns or operates transmission facilities as a WSP and wishes to interconnect with **iTeraTEL Communications Inc.**, must be authorized by Industry Canada to provide public mobile radio service in those areas where interconnection is requested. The interconnection services provided to WSPs under this Part will be carried out by ISP Telecom pursuant to **ISP Telecom** Tariffs.

PART D Interconnection with Wireless Service Providers (WSPs)

ITEM 401. Terms and Conditions Applicable to Interconnection with WSPs

1. Interconnections with iTeraTEL will be carried out by ISP Telecom, as iTeraTEL is a Type IV LEC.

PART D Interconnection with Wireless Service Providers (“WSPs”)

ITEM 402. Trunk-side Access

1. Interconnections with iTeraTEL will be carried out by ISP Telecom, as iTeraTEL is a Type IV LEC.

PART D Interconnection with Wireless Service Providers (“WSPs”)

ITEM 403. Line-side Access

1. Interconnections with iTeraTEL will be carried out by ISP Telecom, as iTeraTEL is a Type IV LEC.

PART E Other Interconnection Services

ITEM 500. General

This Part governs the provision of services other than those described elsewhere in this Tariff that are associated with the interconnection of iTeraTEL’s facilities with those of Telecommunications Providers.

PART E Other Interconnection Services**ITEM 501. Call Routing - Location Routing Number (LRN) Absent**

1. This item is removed as iTeraTEL is a Group IV CLEC with call traffic managed by ISP Telecom.

PART E Other Interconnection Services**ITEM 502. Port-Out Cancellation Charge**

1. This charge applies to the cancellation of a pending request to port a telephone number from **iTeraTEL Communications** to a LEC or WSP in excess of 10% of the total number of valid telephone number porting requests issued by the LEC or WSP in a calendar month, where valid porting requests are those that have been accepted and provisioned. Port-out cancellations that arise due to a subsequent decision from the customer, as indicated by a valid More Recent Authorization received by **iTeraTEL Communications**, or that are attributable to other factors under the control of **iTeraTEL Communications**, such as delays due to missed due dates, will not be included in the port-out cancellation total that is attributed to the LEC or WSP.
2. If a LEC or WSP submits a Local Service Request on behalf of a customer, and another LEC or WSP submits another Local Service Request with More Recent Authorization on behalf of the same customer, the cancellation of the first Local Service Request will not be included in the port-out cancellation total that is attributed to the LEC or WSP.
3. A port order cancellation will not be included in the port-out cancellation total that is attributed to the LEC or WSP, if:
 - a customer informs **iTeraTEL Communications** that the customer wishes to remain with **iTeraTEL Communications**, rather than proceed with an approved number port to a competitor; and
 - the approved number port to a competitor has not already been cancelled by **iTeraTEL Communications** after a 7-day period following the due date of the request.
4. Charge:

PART E Other Interconnection Services

ITEM 502. Port-Out Cancellation Charge

1. Rates applicable in the operating territory of TBayTel operating as the SILEC.
2. Rates applicable in the operating territory of NorthernTel Limited Partnership operating as the SILEC.
3. Rates applicable in the operating territories of Bell Aliant and Bell Canada operating as the ILECs.
4. Rates applicable in the operating territory of société en commandite Télébec operating as the ILEC.
5. Rates applicable in the operating territory of TELUS Communications Company operating as the ILEC in Quebec.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS)****1. Definitions**

For the purpose of this tariff item, the following terms have the meanings as defined below:

"9-1-1 database" is the database operated by the 9-1-1 service provider that provides selective routing information based on ANI, ALI, and SAG information.

"9-1-1 service provider" is the ILEC that provides 9-1-1 emergency response service to the local authority pursuant to a tariff and/or agreement. The 9-1-1 service provider's tariff and/or agreement makes access to 9-1-1 emergency calling available to the ILEC's end-users located within the serving area.

"ALI" or "automatic location identification" is a database feature that displays to call answer centres and ERAs address/location data with respect to the telephone line from which the 9-1-1 call originates.

"ANI" or "automatic number identification" is a database feature that displays the telephone number from which the 9-1-1 call originates.

"Call answer centre" is the first point of reception for all 9-1-1 calls in its serving area. It is a communications facility that is open 24 hours a day, 365 days a year, and is responsible for redirecting or transferring emergency calls to ERAs.

"Call control" is a set of features that allow the 9-1-1 operator to maintain control of the 9-1-1 call regardless of calling-party action.

"CRTC" or "Commission" is the Canadian Radio-television and Telecommunications Commission.

"End-user" is the ultimate purchaser of telecommunications services provided on a retail basis by a telecommunications service provider.

"ERA" or "emergency response agency" is the communication centre to which emergency calls are transferred from a call answer centre. ERAs normally refer to the fire, police, and ambulance agencies responsible for dispatching emergency personnel.

"ESZ" or "emergency service zone" is a defined area consisting of a specific combination of municipality, law enforcement, fire, emergency medical and call answer centre coverage areas.

"Exchange service" is any local telecommunications service offered by iTeraTEL Communications to its end-users.

"Local authority" is a municipality, provincial government, or any other authority responsible for operating the call answer centre.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****1. Definitions - continued**

"Local subscriber" is iTeraTEL Communications end-user located within the local authority's boundaries who subscribes to any of iTeraTEL Communications's exchange services.

"Public safety answering point" or "PSAP": see "Call answer centre."

"SAG" or "street address guide" means the databases that contain street names, address ranges, routing codes (if provided), and other data required to verify street address information which is entered into the 9-1-1 database and which is used for selective routing and transfer.

"Serving area" is the area from which 9-1-1 calls will be directed to a particular call answer centre as determined by the local authority.

2. Service Description

1. 9-1-1 emergency response service (9-1-1 ERS) is provided under the terms of this tariff, with the cooperation of the 9-1-1 service provider and the local authority, to iTeraTEL Communications's end-users who are connected to iTeraTEL Communications's network by any of iTeraTEL Communications's exchange services. The provision of this service is subject to the availability of suitable facilities. This service provides for the transport of 9-1-1 dialled calls to call answer centres.
2. The service provides iTeraTEL Communications's end-users with 9-1-1 three-digit-dial access to call answer centres serving their communities. iTeraTEL Communications provides its end-users with access to the 9-1-1 code from each of its central offices to provide the service coverage specified by the local authority. Call answer and emergency response services are not provided by iTeraTEL Communications as part of its 9-1-1 ERS.
3. The 9-1-1 call is delivered by the 9-1-1 service provider to a call answer centre operated by the local authority. The attendant at the call answer centre determines the nature of the emergency and forwards the call to the appropriate ERA. The answering attendants at the call answer centres and ERAs are supported by the following special features provided by the 9-1-1 service provider in accordance with its tariffs and agreements:
 1. Selective routing and transfer: The 9-1-1 service provider maintains a central database in its network that will automatically route the 9-1-1 call to a pre-assigned call answer centre based upon the ANI and/or ALI of the telephone line from which the 9-1-1 call originates.
 2. ALI: The 9-1-1 service provider maintains an ALI database.

3. Integrity Check: This allows the call answer centre to verify that the 9-1-1 access lines to its bureaus are in working order.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****2. Service Description - continued**

The operation of the selective routing and transfer and ALI features is dependent upon the accuracy of iTeraTEL Communications's records and information received from the local authority and others, such as new street information and boundary changes.

3. Object

1. In accordance with the terms and conditions of iTeraTEL Communications's General Tariff, iTeraTEL Communications shall fulfill its obligations under this tariff to make 9-1-1 ERS available to its end-users and shall be bound by the provisions of the tariff, unless a written agreement for the provision of 9-1-1 ERS is executed by iTeraTEL Communications and the local authority.

4. Conditions of Service

1. As conditions of providing 9-1-1 ERS, iTeraTEL Communications shall
 1. Make 9-1-1 ERS accessible to all local subscribers in the serving area;
 2. Provide 9-1-1 ERS through the network of the 9-1-1 service provider;
 3. Provide ANI and/or ALI data, routing data, and other necessary data to the 9-1-1 service provider which, in turn, shall provide such data to the call answer centre and ERAs as deemed appropriate by iTeraTEL Communications, the local authority, and the 9-1-1 service provider;
 4. Maintain and update the SAG upon receipt of information provided and validated by the local authority regarding geographic data, including street names, addresses, and the borders of the serving areas and ESZs;
 5. Provide to the local authority at its designated call answer centre, in writing and in advance of offering local exchange services
 1. A telephone number that is accessible 24 hours a day, 7 days a week, for the purpose of reporting trouble with the 9-1-1 emergency calling system, and
 2. A facsimile number and/or alternative address, such as an e-mail address, to deal with problems with local subscribers' information and the SAG, and to update such information as requested; and
 6. Be responsible for any other requirements that are not specifically identified in the tariff and are related to matters of the kind listed in Item 503.4.1.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****5. Characteristics of Service**

1. 9-1-1 ERS permits the use of features including, but without being limited to, ANI and/or ALI, selective routing and transfer, and call control features. The availability and reliability of these features depend on the following:
 1. The terminal systems and the operating mode selected for the call answer centre and ERAs;
 2. The type of exchange service and the equipment and/or telephone systems from which 9-1-1 calls originate;
 3. The accuracy of the data, which itself is dependent upon the information provided by various sources (iTeraTEL Communications, the local authority, the 9-1-1 service provider, other telecommunications carriers, iTeraTEL Communications' end-users, etc.); and
 4. The characteristics and reliability of the 9-1-1 service provided by the 9-1-1 service provider, to the extent that iTeraTEL Communications' participation in the provision of 9-1-1 ERS is dependent upon the 9-1-1 service provided by the 9-1-1 service provider.

6. Confidentiality

1. Any information provided by iTeraTEL Communications to the local authority, its employees, servants, agents, and/or co-contractors pertaining to the design, development, implementation, operation, and maintenance of 9-1-1 ERS is confidential and shall be provided only to those persons who need to know the information for the purposes of providing 9-1-1 ERS.
2. iTeraTEL Communications provides to the 9-1-1 service provider, for the operation of 9-1-1 ERS, the name, telephone number, class of service, and service location shown on iTeraTEL Communications' ANI and ALI records as the address for iTeraTEL Communications exchange services. iTeraTEL Communications provides this information for all of its end-users. The 9-1-1 service provider in turn provides this information, and when required, the class of service, to the local authority when a 9-1-1 call is placed by one of iTeraTEL Communications' end-users. The class of service and the service location, if it differs from the listed address, are provided on a confidential basis to the 9-1-1 service provider and, in turn, to the local authority for the sole purpose of responding to 9-1-1 emergency calls.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****6. Confidentiality - continued**

3. The information consisting of names, addresses, and telephone numbers of iTeraTEL Communications' end-users whose listings are not published in directories or listed in directory assistance records is confidential. The party calling 9-1-1 waives the right to privacy under any of iTeraTEL Communications' tariffs or agreements to the extent that the name, location, and telephone number associated with the originating telephone are furnished to the local authority operating a call answer centre.
4. iTeraTEL Communications shall abide by all applicable legislation in effect with respect to the protection of privacy.

7. Quality of 9-1-1 ERS

1. iTeraTEL Communications shall install and operate 9-1-1 ERS in a manner that meets quality standards generally accepted in North America for such services. The following are examples of the content of quality standards generally accepted in North America:
 1. Average of 0.1% blocking within the network;
 2. Diverse telephone networking capabilities;
 3. Updated ANI and/or ALI records in the 9-1-1 service provider's database; and
 4. Special call control features, such as bureau hold, emergency ringback, calling party disconnect signal, and forced disconnect.
2. iTeraTEL Communications agrees to restore service as quickly as possible on a priority basis should there be any interruption, delay, mistake, or defect in its transmission or in its network facilities.

8. Implementation

1. The implementation of 9-1-1 ERS within the serving area shall be carried out pursuant to an implementation schedule to be mutually agreed on by iTeraTEL Communications, the local authority, and the 9-1-1 service provider (the Parties). The implementation schedule may be changed by agreement of the Parties.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****9. Limitation of Liability**

1. iTeraTEL Communications's liability for the performance of its obligations pursuant to this tariff shall be subject to and governed by Item 102.10.
2. iTeraTEL Communications shall, during the term of this tariff, maintain sufficient insurance to cover its obligations under this tariff and shall provide evidence of same to the local authority, or, if iTeraTEL Communications is self-insured, provide satisfactory evidence to the local authority that iTeraTEL Communications is and will be, at all relevant times, in a position to successfully meet its monetary obligations stemming from liability under this tariff.

10. Force Majeure

1. iTeraTEL Communications shall not be held responsible for any damages or delays as a result of war, invasion, insurrection, demonstrations, or as a result of decisions by civilian or military authorities, fire, floods, strikes, and, generally, as a result of any event that is beyond iTeraTEL Communications's reasonable control.
2. The local authority may designate a back-up call answer centre to which 9-1-1 calls will be directed if the primary call answer centre is unable to accept the calls for any reason.
3. iTeraTEL Communications shall, in the event of a disaster or force majeure, cooperate and make all reasonable efforts to provide temporary replacement service until permanent service is completely restored.
4. The costs required to provide temporary replacement service shall be borne by iTeraTEL Communications in accordance with iTeraTEL Communications's obligations as indicated in Item 503.4 of this tariff.

11. 9-1-1 Municipal Charges

1. Upon request from the local authority, iTeraTEL Communications will provide a billing and collection arrangement for local authorities participating in 9-1-1 ERS (billing and collection service) so that, subject to Item 503.11.6, it collects 9-1-1 municipal charges on behalf of the local authority monthly from its end-users for each of its exchange services.
2. iTeraTEL Communications provides 9-1-1 municipal charges billing and collection service on the basis that iTeraTEL Communications is given the local authority's accounts receivable for the 9-1-1 municipal charges for an amount equivalent to their full value, less a discount on the billed charges and less those charges that iTeraTEL Communications's end-users have specifically and expressly refused to pay.

PART E Other Interconnection Services**ITEM 503. 9-1-1 Emergency Response Service (ERS) - continued****11. 9-1-1 Municipal Charges - continued**

3. The 9-1-1 municipal charges billing and collection service is provided under the terms of this tariff and/or a billing and collection agreement that the local authority has entered into with iTeraTEL Communications.
4. The 9-1-1 municipal charges billing and collection service is provided subject to the availability of suitable facilities.
5. iTeraTEL Communications cannot suspend or terminate the provision of any of its exchange services to its end-users solely for the non-payment of these charges.
6. Notwithstanding Item 503.11.1, iTeraTEL Communications may decide not to bill 9-1-1 municipal charges to its end-users or to bill only a portion of the municipal charges; however, iTeraTEL Communications shall make any payments contemplated in Item 503.11.2 as if the municipal charges had been billed by iTeraTEL Communications to its end-users.
